PELIKN

Compliance sorted. Operations simplified.

The all-in-one platform for independent hospitality venues.

✓ EHO-Ready Compliance

✓ Rotas & Timesheets

✓ Works Offline

From £5/month

7-day free trial

No card required

SOUND FAMILIAR?

Running a venue is hard enough without the paperwork

Most independent venue managers are juggling food safety records, staff rotas and team admin on top of actually running the place. Something always slips.

The EHO visit you weren't ready for

Your fridge temperature log has a three-week gap. Your HACCP binder is from 2022. The inspector is standing in your kitchen. You know the paperwork exists somewhere — just not all in one place, and not today.

The Sunday rota that takes three hours

You're building next week's rota on a spreadsheet while fielding five WhatsApp messages from staff who want to swap shifts. By the time it's done, half your Sunday is gone and someone's still unhappy.

Five apps, five logins, nobody uses any of them

You signed up for a compliance app, a scheduling tool, and a training tracker. Staff don't use them consistently. You're paying for three things and still relying on paper for two of them.

There's a better way. Pelikn puts everything in one place so your venue is always inspection-ready, your team always knows their schedule, and you can see what's happening without being on the floor.

HOW PELIKN HELPS

One app. Everything sorted.

Whether you need to pass your next EHO inspection, stop spending your Sunday on the rota, or finally get visibility of what your team is actually doing — Pelikn handles it.

Stay inspection-ready, every single day

Fridge temps, cleaning records, allergen logs, delivery checks — all digitised, timestamped and stored. When an EHO inspector arrives, you generate a PDF compliance report in one tap. No scrambling, no gaps, no stress.

Build the rota in minutes, not hours

Drag-and-drop scheduling with templates and AI auto-fill. Publish once and your team gets a push notification instantly. Shift swaps, time-off requests and clock-in/out all happen in the app — not on WhatsApp.

Know your labour costs before payday

See real-time labour cost vs scheduled hours, actual vs budgeted, broken down by role. Your payroll CSV exports itself. No more guessing at the end of the month.

Works on any device, even without wifi

No app store. No passwords for staff. Installs from a browser to any phone or tablet in seconds. Works fully offline in the kitchen or basement. PIN-based login means any team member is up and running immediately.

WHAT'S INCLUDED

20+ tools, one subscription

Everything your venue needs to manage compliance, staff and daily operations — all in one login, for one flat monthly fee.

Temperature Logs

Fridge, cooking, reheating, hot holding and cooling records. Auto pass/fail with corrective actions.

Allergen Registry

All 14 allergens per dish. Natasha's Law compliant. QR code for customer menu access.

Cleaning Schedules

Daily and weekly tasks with live completion tracking and named staff sign-off.

Rota Builder

Drag-and-drop scheduling with templates. Publish with one click. Staff notified instantly.

Timesheets

PIN clock-in/out on shared device. Auto break deductions. CSV export for payroll.

Training Tracker

Food hygiene certs, allergen training, custom courses. 30-day expiry alerts.

SIMPLE PRICING

Less than £1 a day. No contracts.

Pay monthly or save two months by paying annually. No per-user charges. Cancel any time. Start with a free 7-day trial — no card required.

🆕 **Pay annually — get 2 months free**
Pay for 10 months, use Pelikn for 12. Same features, lower cost.

Starter: £50/yr · Pro: £250/yr

WHAT VENUES SAY

Built for people who run real venues

Pelikn was designed by someone who has lived the daily reality of hospitality operations. Every feature exists because a real manager needed it.

PLACEHOLDER — CUSTOMER QUOTE PENDING

"We used to spend two hours every Sunday building the rota and chasing shift swaps on WhatsApp. Now it takes 20 minutes and the team sort the swaps themselves."

[Venue Manager Name] — [Restaurant Name], [City]

PLACEHOLDER — CUSTOMER QUOTE PENDING

"The EHO came in unannounced and I had every record ready to go. They were in and out in 20 minutes. Honestly, Pelikn paid for itself in that one visit."

[Venue Owner Name] — [Cafe Name], [City]

🇬🇧 UK-built & UK GDPR compliant

🌐 Works offline, no wifi needed

📱 No app store. Installs in seconds.

🔒 Data stored securely in UK
